To VIKTOR [1] for RAJCHMAN, [11]

Prisoners of War from NORWAY are scarcely being held up at all at the transit [PERVALOCHNY] points in SWEDEN. Consequently we have not sent our workers there as we consider that their main job is to work among BALTO [PERBALTSKLY] refugees. Our agent KIB'YAS [111] is working at one of these points and RYBAKOV [14] who has a suitable task in our line, is at another. A few days ago BUNDULIS [v. [1 group unaccounted]] at a third point.

[17 groups unaccounted]

and not a single released

[10 groups unaccountable]

Robert [a] LATVIAN, LATTIAN and ESTONIAN.
